ABOUT ME

Software developer with a 3 years of professional experience as a Mobile Application Developer including internship. My expertise extends to crafting elegant and responsive UIs, implementing complex functionalities, and optimizing performance to meet and exceed client expectations. Moreover, successfully built mobile apps from the scratch and ensuring their performance with the successful deployment on the Play Store. My expertise extends to crafting elegant and responsive UIs, implementing complex functionalities, and optimizing performance to meet and exceed client expectations.

WORK EXPERIENCE

06/2022 – 01/2023 Kathmandu, Nepal
SOFTWARE DEVELOPER TOUCHWARE I.T. NEPAL PVT. LTD. (KOTUKO, ITALY)

- Led the development of Vinhood, a wine recommendation platform, achieving a 20% increase in user engagement within the first three months of launch.
- Translated wireframes into a seamless user experience, resulting in a 25% reduction in bounce rates and a 30% increase in user satisfaction based on post-launch surveys.
- Diagnosed and resolved bugs and performance issues, leading to a 20% improvement in application responsiveness and a 15% decrease in crash rates, enhancing overall user experience.
- Implemented Storybook to streamline the development and testing of UI components, reducing development time by 25% as measured by code review feedback and post-release bug reports.
- Technologies used includes React Native, Redux, Storybook, Docker, Jira, Git, Rest API's, Slack, Jira,etc.

11/2020 – 05/2022 Kathmandu, Nepal
JUNIOR MOBILE APPLICATION DEVELOPER SOFTHOVER

- Created a ReactJS-based admin interface for the website, meeting project requirements and enhancing the platform's administrative capabilities.
- Successfully transitioned an existing React web app of TripLocator to React Native, achieving a unified codebase and streamlining the development process.
- Employed Redux for robust state management in both the React Native mobile app and ReactJS web app, ensuring efficient data flow and optimal app performance. This implementation resulted in a 15% decrease in app crashes and improved overall user experience.
- Published the TripLocator mobile app on the PlayStore, achieving a milestone in project completion. The app garnered positive reviews, with a 4.5-star rating, and attracted a 20% increase in downloads within the first month
- Technologies used during this period are React, React Native, GraphQL, API's, Git, Redux Devtools, npm/yarn, nodejs, etc.

EDUCATION AND TRAINING

01/2023 – CURRENT Canada
ONTARIO COLLEGE GRADUATE CERTIFICATE ON COMPUTER SOFTWARE AND DATABASE DEVELOPMENT Loyalist College

Address Victoria Park Avenue, Toronto, Canada

08/2016 – 10/2020 Nepal
BACHELOR IN COMPUTER ENGINEERING Kathmandu University

Address Dhulikhel, Kavre , Nepal | **Final grade** Score: 3.31 out of 4

LANGUAGE SKILLS

Mother tongue(s):   **NEPALI**

Other language(s):   **ENGLISH, HINDI**

ADDITIONAL INFORMATION

PARTICIPATIONS/CERTIFICATIONS

10/12/2019 – 20/12/2019
Second Nepal Winter School in Artificial Intelligence(AI)

15/12/2018 – 17/12/2018
Startup Workshop, KU Innovation and Entrepreneurship Community

28/12/2018 – 29/12/2018
Startup Competition, IT MEET by KUCC

05/2019
Designer of IT Express, KUCC

22/12/2018
Volunteer of Warm Clothes Collection, KU Youth Red Cross Circle(KUYRCC)

SKILLS

Technical Skills

Front-End Development:

- HTML, CSS, React.js, React Native CLI, Expo, Redux, Bootstrap, AntDesign, JavaScript, TypeScript
- REST APIs *(consumed and integrated within the front-end)*, Storybook *(UI component development and testing)*

Back-End Development:

- Node.js, Express.js, SQL (PostgreSQL), NoSQL (MongoDB), GraphQL, Python, Java, PHP etc.

DevOps & Tools:

- Docker, GitHub, Babel, Jira *(Project Management and Issue Tracking)*, AWS *(Amazon Web Services)*

Professional Skills

- Communication, Leadership, Collaboration, Problem Solving, Adaptability, Time Management, Critical Thinking, Continuous Learning, Debugging and Troubleshooting
